Dear Mr. Lynn:

This letter will serve as a reminder of the issues I would like to handle before mid-December of this year.

1. Finalize plans for filling drill holes and reclaim areas in former leases.
2. Reclamation plan for push back area near P-10 and SR 279.
3. Construction funds for new route, SR 279.
(I have a meeting with Governor Bruce King regarding this matter on October 31, 1979.)
4. Finalize memorandum of agreement on release of water resource data dear lease area.
5. Negotiate royalty audit exceptions for pre 1978 and latest audit.
6. Begin negotiations on total reclamation of Jackpile. Kilborn/NUS is still waiting for the additional information requested on the plan.
7. Transfer to the Pueblo all drill log information and interpretive data on former leases on the Laguna Reservation.

I strongly believe that the above should be addressed as soon as possible. Your attention to these matters at the earliest date will be appreciated.

Sincerely,

PUEBLO OF LAGUNA
